#### 4.1 – Technical information for the admission test

Starting 5 days prior to the test date technical requirements and instructions for the admission test will be sent from the e-mail address [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) to each candidate's personal e-mail address indicated during the online registration procedure.

Should the communication from [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) not be received it is advisable to check the SPAM box. If the e-mail is not found in the SPAM box either, it is necessary to contact Selexi at [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) asking them to send the communication again.

Candidates are responsible for verifying the speed, stability and quality of the signal in the location where the test is going to be taken.

Candidates are considered solely responsible for possible signal interruptions that may occur during the admission test that would prevent them from partially or fully completing the exam.

Should the bad signal or a signal interruption impede the proctor's monitoring of the location where the test is being taken the Head of the Competition Procedure, in agreement with the Commission, has the authority to exclude the candidate from the competition.

Candidates are required to follow any further instructions or technical details Selexi might provide before or during the test.

By activating the video connection candidates give their consent for the video recording and the collection of personal data necessary for the time tracing and reconstruction of each phase of the test.

#### 4.2 – Technical requirements

In order to take the test, it is necessary to have:

1. A laptop (operating system Windows 8 or later versions or LINUX) or a MAC PC (MAC-OS 10.14 or later versions) with webcam and microphone;
2. Browser GOOGLE CHROME (81.0 or later versions). No other browser has to be used;
3. Internet connection with a minimum upload and download speed of 1.5 Mbps;
4. A smartphone or tablet (Android 4.1 or later versions – iOS 8 or later versions) with functioning webcam.

It is recommended to use a wi-fi connection.

Candidates will be required to download an APP (34 MB) available on Google Play for Android or App Store for iOS on the smartphone or tablet used for the test.

**Please note that a tablet may be used in place of the smartphone alone and NOT of the laptop or MAC.**

Should a candidate make and pass the technical checks using devices with lower technical features than those indicated above, the possibility to take the admission test is not guaranteed and possible technical problems that may occur during the exam are the candidate's responsibility alone.

#### 4.3 – Check requirement

Starting 5 days prior to the test date candidates will receive instructions via e-mail, as indicated at point 4.1, for the technical checks ('check requirement').

In particular, candidates have to:

- Install the Google Chrome ProctorExam plug-in, needed for the video surveillance during the test;
- Install the App 'ProctorExam' on the smartphone or tablet in use during the test.

Candidates must follow the procedure to test the correct setup and operation of:

- PC's or Mac's audio and microphone;
- PC's or Mac's webcam;
- Smartphone's or tablet's webcam;
- internet connection.

At the end of the check requirement, candidates receive a second e-mail from [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) with the link to access the exam and the date and time frame to take it.

#### 4.4 – Taking the test

On the day of the test, candidates must proceed with the connection of the devices already verified during the 'check requirement' and with the recording of the workstation and the location where the exam is going to take place using the webcam of the smartphone or tablet.

Subsequently, candidates have to connect the smartphone or tablet to a socket and place it behind them so that it can always frame the surrounding environment.

The identification procedure requires candidates to show and take two photos: one photo of the identity document and the other one of the candidate's face.

The accepted identity documents are:

- identity card;
- driving license with photo;
- passport;
- firearms license.

It is allowed, after remote verification by the proctor during the identification phase, the use of two sheets of white paper and a pen to carry out any calculations.

At the end of the setup of the workstation and the identification phase, candidates must click on the link to the exam where a page with instructions for taking the test and for using the exam's application (e.g. duration of the test, scores for the answers, mode of operation, rules of behaviour to be observed) will appear.

Candidates will have the necessary time to read the operating instructions and will have to wait until the test begins.

Candidates who log in after the identification phase has ended or without a valid identity document will not be admitted to the test, regardless of circumstance.

Candidates who are absent from the test after the closure of the identification procedures will be considered as renunciative.

The duration of the waiting time may vary depending on the progress of the identification operations for all the expected candidates.

In case of need, it will be possible to contact the technical assistance using the Chatbox available on the platform for the entire duration of the identification procedures and the test itself.

At the end of the identification phase for all candidates, the "Start the Test" button will appear on the screen. At that moment the candidate has to click on the button and start the test.

During the test, candidates are allowed to use exclusively their own PC or MAC without any additional screens, keyboards, mouse or other external devices.

At the end of the time scheduled for the test, candidates must log out by clicking on the specific button and then on the "End test" button.

If a candidate finishes the test before the time limit expires, they can click on the "Close the test" button and then on "Logout" and "End test".

#### 4.5 - Reasons for exclusion from the test

Candidates are required to observe the following provisions, under penalty of exclusion from the test:

1. connection interruptions that exceed the time frame of 5 minutes due to problems related to the devices used by the candidates or the poor Internet connection will result in an assessment by the Head of the Procedure on the legitimacy of the continuation of the test;
2. the room must be adequately lit;
3. the use of headsets or other technological tools such as smartphones, smartwatches, calculators or glasses equipped with a video camera or camera is not allowed;
4. the use or consultation of other applications, browsers or web pages is not permitted;
5. the use of books, notes or handouts is not allowed;
6. no other person than the candidate is allowed in the room;
7. it is not allowed to talk with other people;
8. it is not allowed to leave the room for any reason, even physiological;
9. It is not allowed to use ear plugs.

#### 4.6 - Conditions for the establishment of and participation in a spare session

In the event of a disconnection of the examination platform due to proven technical and / or connectivity problems (for example: loss of connection or power supply of the user's terminal, interruption of services by the connectivity providers or electricity) not ascribable to the candidate, that impacts on the user's terminal or if for the aforementioned reasons the possibility of starting the test is inhibited, the possibility of carrying out a second test in a pre-established spare session will be given.

The platform disconnection reports can be sent at [ammissioni@univr.it](mailto:ammissioni@univr.it) within the following deadlines:

FIRST ADMISSION TEST TIME PERIOD, session of May 2023: by 23.59 (CEST) of May 28, 2023;

FIRST ADMISSION TEST TIME PERIOD, session of July 2023: by 23.59 (CEST) of July 27, 2023;

SECOND ADMISSION TEST TIME PERIOD, session of March 2024: by 23.59 (CET) of March 23, 2024.

The reports will be examined by the Head of the Procedure assisted by the test provider, Selexi s.r.l., and the Commission for the admission tests and each candidate will receive the authorization or refusal to participate in the spare session within the day following the deadlines for the reports indicated above.

The spare sessions for authorized candidates are pre-scheduled as follows:

FIRST ADMISSION TEST TIME PERIOD, session of May 2023: May 31, 2023 at 2:00 p.m. (CEST);

FIRST ADMISSION TEST TIME PERIOD, session of July 2023: July 29, 2023 at 2:00 p.m. (CEST);

SECOND ADMISSION TEST TIME PERIOD, session of March 2024: March 27, 2024 at 2:00 p.m. (CET).

The spare sessions will take place in the same way as provided for in points 4.4 and 4.5 of this Call.

In the event of a disconnection of the examination platform not ascribable to the test provider, the candidate will be assigned the test score acquired at the time of disconnection if it is not possible for them to reactivate it.

In the event of disconnection of one or more video devices necessary to allow video surveillance (e.g. smartphone and / or tablet), for a period of more than 5 minutes, the Head of the Procedure assisted by the test provider and by the Commission for admission tests will assess whether to allow the candidate to proceed with the test or to determine its cancellation.

#### 4.7 – Candidates with disability or with SLD

According to Italian Law 5 February 1992 n. 104 or other laws applicable to international candidates, Candidates with any kind of permanent or temporary disability in need of supportive measures must formally request the support they will need for the admission test in relation to the extent of their disability.

Candidates with learning disabilities according to the Italian law 8 October 2010 n. 170, stating “*New regulation concerning specific learning disabilities within the educational environment*”, or other laws applicable to international candidates, can request the special terms envisaged by the Ministry of University and Research Ministerial Decree 12 July 2011 n. 5669.

In order to submit the request for test accommodations, candidates are required to follow the procedure described below on the Selexi portal directly by the closing date and time for admission test registration mentioned in the previous art. 3.:

**1. Upload a valid medical certificate** (including expected revisions) to support the request. It has to be noted that candidates with specific learning disabilities (SLD), according to Italian Law n. 170/2010, must upload a valid certificate. Certificates confirming learning disabilities must not be older than 3 years if when issued the person concerned was a minor and must be issued by National Health System bodies or specialists or private health institutions recognized by the National Health System.

**2. Enter the request for test accommodations:**

- extra time (50% in case of duly certified temporary or permanent disability; 30% in case of SLD);
- non-scientific calculator (provided by Selexi directly);
- tutor for the questions reading support or writing under dictation (selected and assigned by Selexi).

The Inclusion Office will provide feedback to each request entered at earliest convenience.

## Article 5 – Content of the test

The admission test is entirely in English and consists of **60 multiple choice questions** divided as follows:

- 36 questions on logic, problem solving and reading comprehension;
- 24 questions on scientific subjects (Biology, Chemistry, Mathematics and Physics).

Candidates will have **80 minutes** to complete the test.

The questions of the admission test are property of Università Vita-Salute San Raffaele, managed by a third party and randomly extracted from a database.

### 5.1 - Reserve questions and deleting procedure

At the end of the test (i.e. at the end of the 80 minutes or if the candidate decides to finish the test earlier) every candidate will have to answer **7 extra questions** in a time which is proportional to the time given for the entire test and which is calculated automatically by the software. These reserve questions are coherent with those of the test and **WILL NOT count as part of the test** but will only be considered if, at the end of all scheduled sessions, an anomaly should emerge on one or more questions. Only in this case, the Head of the Selection Procedure, after having received the Committee's opinion, can decide to delete that particular question and substitute it with one of the extra questions on the same topic.

## Article 6 - Ranking list

In order to verify the candidates' compliance with the testing rules and in order to process the final results, all the tests will be re-examined at the end of the sessions using the video recording of ProctorExam.

At the end of each session, the tests will be corrected anonymously and automatically and the related scores calculated.

Each candidate will be able to view their own score and their own percentile of placement with reference to the best score achieved by all candidates among all the sessions held.

The indication of the placement at the end of each session is intended exclusively for guidance purposes since the definitive final ranking list will be drawn up and published at the end of all four scheduled sessions.

**At the end of all admission sessions and of the second test time period**, each candidate will have access to the **Online Review**, made available through the university website [www.unisr.it](http://www.unisr.it), where they will be able to view the correction of all the tests taken and the scores obtained by accessing the system **with the login credentials received by convocazioni@ilmiotest.it in the e-mail containing the information to access the test.**

The Admissions Office will publish a notice on the website [www.unisr.it](http://www.unisr.it) informing on the opening of the Online Review system after the last admission test session will have taken place.

For the elaboration of the ranking list, the score is calculated as follows:

- 1 point for each correct answer;
- - 0,25 points for each incorrect answer;
- 0 points for each non-given answer.

**The final ranking list will be drawn up considering only the best score obtained by each candidate among the tests taken.**

In case of a draw, the points scored by the candidate in logic and problem solving, reading comprehension, biology, chemistry, mathematics and physics will prevail in descending order.

In case of a further draw, the place is assigned to the youngest candidate.

**The final ranking list will be published within 15 days following the last exam session** on the University's online Board and on the dedicated pages of the website [www.unisr.it](http://www.unisr.it).

#### 6.1 – Additional learning requirements (OFA)

In order to enable the fulfilling of any additional learning requirements, the Academic Board establishes supplementary teaching activities to be carried out within the deadline set by art. 16 of the R.d.A.

The need for additional learning activities is determined for all candidates by the results of the admission test in the subject areas of Chemistry, Physics, Mathematics and Biology where the number of correct answers is less than 50% for each area.

These supplementary activities, which will be held online, must necessarily be attended profitably by students in debt. A final exam is therefore set at the end of the activities. The deadline for passing the OFA coincides with the end of the exam session of the academic year of enrolment. In the event of failure to pass the OFA, the student's career may be blocked at the end of the first year (exams can no longer be taken after February 1st of the following academic year).

Any blocking of the career results in the freezing of any exams taken and the impossibility of taking new exams until the educational debit is fulfilled. The student will still be able to access the OFA tests and, once passed, will be able to continue their career.

## **Article 7 – Admission and enrolment**

### 7.1 Foreword

Only notices and ranking lists published on the University website are official communications. Possible personal communications sent to the candidates' e-mail address indicated during the online registration are merely intended to help them through the whole procedure and do not replace the official ones published on the website. Admitted candidates have to confirm their place by making a **non-refundable advance payment of € 1500 within April 15, 2024**. This amount guarantees reservation of the assigned place and entitles the candidate to proceed with enrolment.

This advance payment **will not be reimbursed** should the candidate not finalize enrolment within the given deadlines or should later decide to withdraw. The advance payment is deducted from the first instalment fee to be paid for enrolment.

Enrolment will **open on July 1, 2024 and close on September 19, 2024 at noon (CEST)** according to the indications given in the online enrolment procedure.

Within the set deadline, candidates must:

1. Copy of the filled out and signed **enrolment form**;
2. Copy of the **payment receipt** of the first tuition fee instalment;
3. Copy of the **secondary school leaving certificate** translated into English or Italian or, only if the final certificate is not available yet, certificate issued by the school with reference to the last year and the indication of the path attended and/or predicted grades.
4. Copy of the official **English language certification level C1**;
5. Copy of the **passport**.

Those entitled will be able to make use of the provisions of the D.P.R. 28 December 2000 no. 445 on substitutive declarations, using the attachment to the application available on the website [www.unisr.it](http://www.unisr.it).

**Once the documents have been uploaded, the candidate must click on the "Confirm and close" button and the Admissions Office will send an e-mail to confirm enrolment within the following 5 working days.**

Candidates who do not upload the above-mentioned documents within the set deadline will lose the assigned place and the possibility to proceed with the enrolment with no exceptions whatsoever. Their seat will be assigned to the next eligible candidate in the ranking list according to the indications given by the Admissions Office.

### 7.3 - Candidates with disability or with SLD

According to Italian Law 5 February 1992 n. 104, or according to other international laws applicable, candidates with any kind of permanent or temporary disability admitted to enrolment may submit an explicit request to use any dispensatory and compensatory tools.

Candidates with specific learning disabilities according to the Italian law 8 October 2010 n. 170, stating "New regulation concerning specific learning disabilities within the educational environment", or according to other international laws applicable, can request the special terms envisaged by the Ministry of University and Research Ministerial Decree 12 July 2011 n. 5669.

In both cases, to submit the requests, admitted candidates to enrolment have to fill in and send via email the form available online at this link: <https://www.unisr.it/en/servizi/inclusione/ausilii-iscritti>, together with the valid medical certification to support the request. The form has to be sent by email to: [inclusione@unisr.it](mailto:inclusione@unisr.it)

The Inclusion Office will examine the request together with the Rector's Delegate for Equal Opportunities and Disabilities and will provide appropriate feedback.

## **Article 8 – Enrolment and original documents required**

Candidates who have completed the enrolment procedure as indicated in art. 7 will receive a confirmation e-mail from the Admissions Office with details needed to finalize enrolment.

Upon arrival in Italy and by the deadline indicated in the enrolment confirmation e-mail, students will have to hand in to Admissions Office the following **original documents**:

- Official **secondary school leaving certificate** with verified translation into Italian and legalization/Apostille by the local Italian Diplomatic Authorities of reference;
- **“Dichiarazione di Valore”** (Declaration of Value) of foreign titles issued by the local Italian Diplomatic Authorities of reference (Italian Consulate/Embassy/Italian Cultural Centre). This declaration must have information on the evaluation system of Certificates in the country where it was obtained (final score, minimum and maximum score that can be assigned.)  
**The CIMEA’s Statement of comparability is accepted in place of the Declaration of Value.**
- Copy of **“Codice Fiscale”** (Italian tax identification number.)

**The above-listed documentation must be handed by the person concerned only. Documentation sent by mail or fax will not be accepted.**

UniSR reserves the right to request further documentation concerning students’ study visa and residence permit.

Students enrolled in the first year of a UniSR Degree program, transferred from another university or withdrawing from it or, finally, already in possession of an academic qualification, may submit an online application for evaluation of their previous career within 3 months of enrolment, and in any case no later than 31 December of each year, according to the provisions of the procedure published on the students’ Intranet area, in the section named “Common Documents”.
