**Please note that the registration procedure for the admission test is considered complete once the test fee is paid.**

**The test fee payment is non-refundable, regardless of circumstance.**

#### 3.1 – Registration procedure and timing

In order to register for the test, candidates have to:

1. Create a UniSR Intranet profile at <https://unisr.esse3.cineca.it/Root.do>;
2. Log in to the UniSR Intranet portal, click on "Menu" – "Admission test" – "Register for the test", select the competition for the Master's Degree in Biotechnology and Medical Biology reserved for non-EU candidates and follow the online procedure;
3. At the end of the procedure click on the link to the payment portal (Selexi portal) available under the test registration summary. The payment portal is accessible with the same credentials of the Intranet;

4. Check and book the available test session in the Selexi portal;
5. Pay the test fee within **60 minutes** following the test session booking. Otherwise, the reservation will be automatically cancelled. After paying the test fee, candidates will receive a confirmation of registration and payment via e-mail and the procedure will be concluded;
6. If payment is NOT done within 60 minutes following the test booking, the reservation will be automatically cancelled and the candidate will have to repeat booking procedure and payment;
7. If payment is done after 60 minutes following the test booking, the candidate will receive a payment confirmation e-mail, but the test session reservation will be automatically cancelled and it will have to be repeated as soon as possible.

Information on registration and payment is always available in the candidates' personal area on the Selexi Portal and accessible at any time by logging in with the credentials obtained upon registration. **Information contained in the candidates' personal area is the only official confirmation of registration and payment.**

**Important:** each candidate is responsible for the details indicated during the registration procedure. In case of wrong, missing or untruthful data, the candidate will be prevented from entering the final ranking list and therefore from enrolment.

The University will randomly verify the information provided by the candidates.

Any possible e-mail communication from the university's provider Selexi or from the Admissions Office will be sent to the e-mail address indicated by the candidate during the creation of the UniSR Intranet profile.

Therefore, it is strongly recommended to verify the accuracy of the personal e-mail address before confirming it.

Should the number of candidates be higher than the number of virtual seats available for the online test session, further sessions could be scheduled and notified on the University website [www.unisr.it](http://www.unisr.it) before the closing date of test registrations.

In this case, possible changes in the chosen session must be made directly by the candidate by:

1. accessing the Selexi portal;
2. verifying the availability of places in a different session;
3. booking a new session, which will replace the one previously booked.

The candidate will receive an e-mail confirming the booking of the new session. This e-mail will replace the one received for the prior booking.

## **Article 4 – About the admission test**

The admission test for the Master's Degree in Biotechnology and Medical Biology reserved for non-EU candidates will be held on **July 23, 2024**.

The admission test is **home-based** and takes place with an **online proctoring system**.

### 4.1 – Technical information for the admission test

Starting 5 days prior to the test date technical requirements and instructions for the admission test will be sent from the e-mail address [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) to each candidate's personal e-mail address indicated during the online registration procedure.

Should the communication from [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) not be received it is advisable to check the SPAM box. If the e-mail is not found in the SPAM box either, it is necessary to contact Selexi at [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) asking them to send the communication again.

Candidates are responsible for verifying the speed, stability and quality of the signal in the location where the test is going to be taken.

Candidates are considered solely responsible for possible signal interruptions that may occur during the admission test that would prevent them from partially or fully completing the exam.

Should the bad signal or a signal interruption impede the proctor's monitoring of the location where the test is being taken the Head of the Competition Procedure, in agreement with the Commission, has the authority to exclude the candidate from the competition.

Candidates are required to follow any further instructions or technical details Selexi might provide before or during the test.

By activating the video connection candidates give their consent for the video recording and the collection of personal data necessary for the time tracing and reconstruction of each phase of the test.

### 4.2 – Technical requirements

In order to take the test, it is necessary to have:

1. A laptop (operating system Windows 8 or later versions or LINUX) or a MAC PC (MAC-OS 10.14 or later versions) with webcam and microphone.

It is recommended to use a wi-fi connection.

Candidates will be required to download an APP (34 MB) available on Google Play for Android or App Store for IOS on the smartphone or tablet used for the test.

**Please note that a tablet may be used in place of the smartphone alone and NOT of the laptop or MAC.**

Should a candidate make and pass the technical checks using devices with lower technical features than those indicated above, the possibility to take the admission test is not guaranteed and possible technical problems that may occur during the exam are the candidate's responsibility alone.

#### 4.3 – Check requirement

Starting 5 days prior to the test date candidates will receive instructions, as indicated at point 4.1, for the technical checks ('check requirement').

In particular, candidates have to:

- Install the Google Chrome Proctor Exam plug-in, needed for the video surveillance during the test.

Candidates must follow the procedure to test the correct setup and operation of:

- PC's or Mac's audio and microphone;
- PC's or Mac's webcam;
- Smartphone's or tablet's webcam;
- internet connection.

At the end of the check requirement, candidates receive a second e-mail from [convocazioni@ilmiotest.it](mailto:convocazioni@ilmiotest.it) with the link to access the exam and the date and time frame to take it.

#### 4.4 – Taking the test

On the day of the test, candidates must proceed with the connection of the devices already verified during the "check requirement" and with the recording of the workstation and the location where the exam is going to take place using the webcam of the smartphone or tablet.

Subsequently, candidates have to connect the smartphone or tablet to a socket and place it behind them so that it can always frame the surrounding environment.

The identification procedure requires candidates to show and take two photos: one photo of the identity document and the other one of the candidate's face.

The accepted identity documents are:

- identity card;
- driving license with photo;
- passport;
- firearms license.

It is allowed, after remote verification by the proctor during the identification phase, the use of two sheets of white paper and a pen to carry out any calculations.

At the end of the setup of the workstation and the identification phase, candidates must click on the link to the exam where a page with instructions for taking the test and using the exam's application (e.g. duration of the test, scores for the answers, mode of operation, rules of behaviour to be observed) will appear.

Candidates will have the necessary time to read the operating instructions and will have to wait until the test begins.

Candidates who log in after the identification phase has ended or without a valid identity document will not be admitted to the test, regardless of circumstance.

Candidates who are absent from the test after the closure of the identification procedures will be considered as renunciative.

The duration of the waiting time may vary depending on the progress of the identification operations for all the expected candidates.

In case of need, it will be possible to contact the technical assistance using the Chatbox available on the platform for the entire duration of the identification procedures and the test itself.

At the end of the identification phase for all candidates, the "Start the Test" button will appear on the screen. At that moment the candidate has to click on the button and start the test.

During the test, candidates are allowed to use exclusively their own PC or MAC without any additional screens, keyboards, mouse or other external devices.

At the end of the time scheduled for the test, candidates must log out by clicking on the specific button and then on the "End test" button.

If a candidate finishes the test before the time limit expires, they can click on the "Close the test" button and then on "Logout" and "End test".

Candidates are required to observe the following provisions, under penalty of exclusion from the test:

In the event of a disconnection of the examination platform due to proven technical and / or connectivity problems (for example: loss of connection or power supply of the user's terminal, interruption of services by the connectivity providers or electricity) not ascribable to the candidate, that impacts on the user's terminal or if for the aforementioned reasons, the possibility of starting the test is inhibited, the possibility of carrying out a second test in a pre-established spare session will be given.

The platform disconnection reports can be sent at [ammissioni@univr.it](mailto:ammissioni@univr.it) **no later than July 23, 2024 at 23.59 (CEST).**

The reports will be examined by the Head of the Procedure assisted by the test provider, Selexi s.r.l., and the Commission for the admission tests and each candidate will receive the authorization or refusal to participate in the spare session within 24/07/2024.
