

INTERNATIONAL POSTDOCTORAL PROGRAMME

CALL 2016

HOSTING LABORATORIES

LABORATORY	UNIT	DIVISION	LINK
BATTAGLIA Manuela	Immune-mediated diseases	Diabetes Research Institute	www.hsr.it/research/organization/divisions-centers/division-of-immunology-transplantation-and-infectious-diseases/manuela-battaglia
BELLONE Matteo	Cellular Immunology	Immunology	www.hsr.it/research/organization/divisions-centers/division-of-immunology-transplantation-and-infectious-diseases/matteo-bellone
BERNARDI Rosa	Preclinical models of cancer	Experimental Oncology	www.hsr.it/research/organization/divisions-centers/experimental-oncology/rosa-bernardi
BROCCOLI Vania	Stem cells and Neurogenesis	Neuroscience	www.hsr.it/research/organization/divisions-centers/division-of-neuroscience/vania-broccoli
CENCI Simone	Age related diseases	Genetics and Cell Biology	www.hsr.it/research/organization/divisions-centers/division-of-genetics-and-cell-biology/simone-cenci
DE CURTIS Ivan	Cell Adhesion	Neuroscience	www.hsr.it/research/organization/divisions-centers/division-of-neuroscience/ivan-de-curtis
DELLABONA Paolo CASORATI Giulia	Experimental Immunology	Immunology, transplantation and infectious diseases	www.hsr.it/research/organization/divisions-centers/division-of-immunology-transplantation-and-infectious-diseases/paolo-dellabona-e-giulia-casorati
DI MICCO Raffaella	Senescence in stem cell aging, differentiation and cancer	Telethon Institute Gene Therapy	www.univr.it/ddr-internazionale-in-medicina-molecolare/raffaella-di-micco
FARINA Cinthia	Immunobiology of neurological disorder	Institute of Experimental Neurology	www.hsr.it/research/organization/institutes/institute-of-experimental-neurology-inspe/cinthia-farina

FOUSTERI Georgia	Regulation of adaptive immunity	Diabetes Research Institute	http://www.hsr.it/research/organization/institutes/diabetes-research-institute-hsr-dri/regulation-of-adaptive-immunity/
LEOCANI Letizia	Experimental neurophysiology	Institute of Experimental Neurology	http://www.hsr.it/research/organization/institutes/institute-of-experimental-neurology-inspe/letizia-leocani/
GALLI Rossella	Neural Stem Cell Biology	Regenerative Medicine, Stem Cells and Gene Therapy	www.hsr.it/research/organization/divisions-centers/division-of-regenerative-medicine-stem-cells-and-gene-therapy/rossella-galli
IANNACONE Matteo	Dynamics of Immune Responses	Immunology, transplantation and infectious diseases	www.hsr.it/research/organization/divisions-centers/division-of-immunology-transplantation-and-infectious-diseases/matteo-iannacone
MONTI Paolo	Transplant immunology	Diabetes Research Institute	www.hsr.it/research/organization/institutes/diabetes-research-institute-hsr-dri/transplant-immunology
MUZIO Marta	Cell Signalling	Experimental Oncology	www.hsr.it/research/organization/divisions-centers/experimental-oncology/marta-muzio
OSTUNI Renato	Genomics of the innate Immune system	Telethon Institute Gene Therapy	www.univr.it/ddr-internazionale-in-medicina-molecolare/renato-ostuni
RAMPOLDI Luca	Molecular genetics of renal disorders	Genetics and Cell Biology	www.hsr.it/research/organization/divisions-centers/division-of-genetics-and-cell-biology/luca-rampoldi
SITIA Giovanni	Experimental Hepatology	Immunology, transplantation and infectious diseases	www.hsr.it/research/organization/divisions-centers/division-of-immunology-transplantation-and-infectious-diseases/experimental-hepatology
TONON Giovanni	Functional Genomics of Cancer	Experimental Oncology	www.hsr.it/research/organization/divisions-centers/experimental-oncology/giovanni-tonon
